April 25, 1963

Mr. Dick Mitchell  
The Dodge House, Room 426  
Washington 1, D. C.

Dear Dick:

The General Planning Committee met and adopted the final report and recommendations to be submitted to the Elders. I know you are tremendously interested in the outcome of this committee.

The Chairman and Sub-chairmen met with the Elders and presented this report to them. They have taken no action as yet.

I can almost say that I have seen a miracle performed. Many of the men on the general planning committee have been completely won to the need of the new facilities. There has been a genuine "give and take" attitude on the part of almost all. It has been the most encouraging series of efforts that I have ever known. So much of the praise and commendations must go back to what was a splendid, intelligent, and well-planned beginning initiated solely through your efforts.

We send you our best wishes and encouragement in your work in Washington.

Faternally yours,

John Allen Chalk
